**NOTE ON DOG BREEDS:**

Because our kennel is family operated, we cater to family dogs. Although we are strong believers that any breed can be a wonderful companion to people, under the right care, we are careful of the dogs who come to our kennel for the safety of our family as well as other dogs we board here. Dogs act differently in a kennel situation than they might at home. We do not board statistically proven aggressive dog breeds or the majority mixes of those breeds, which include:

- *Pit Bull*
- *Staffordshire Terrier*
- *American Bull Dog*
- *Mastiff*
- *Rottweiler*
- *Chow Chow*
- *Akita*
- *German Shepard*
- *Wolf Hybrid*
- *Cane Corso*
- *Presa Canarios*

We like to meet all dogs before you book your stay. However, the following breeds we require to meet before you booking is scheduled.

- *Doberman Pinscher*
- *Malamute*
- *Husky*
- *Boxer*
- *Great Dane*
- *Rhodesian Ridgeback*

Please use your best judgement. If you have a dog with the majority of these breeds, this may not be the kennel for you. Dogs in our kennel are around children and other dogs regularly. Regardless of breed, if you dog exhibits aggression to people, other dogs or to people, this is not the kennel for your dog.

**PRO'S AND CON'S OF GROUP PLAY:**

We pride ourselves in the fact that dogs come here and interact with dogs and humans alike. Because of this there is an added risk for dog playground scuffles as well as injury to ourselves. Please note that we do not take high risk dog breeds. Keep this in mind when choosing this kennel. *Children are in regular contact with your dog.*

When your dog visits for the first time, we are careful to integrate them in the the general population gently. However, because we are in a group setting there can be fighting and injuries to your dog can occur. We do our our best, with your information, advice and recommendations, to group dogs based on size and temperament. Please give us all of the information to do what is best for your dog. Extremely large breed dogs will be isolated. Our priority is that your dog and others are safe and happy.
